Mothers Day:

The role of mothers in our lives:

This is a day to admit gratefully the fact that none of us is able to return, in the same measure, all the love that our mothers have given us. Their influence on their children is so great that it affects the children throughout their lives. Our mothers not only gave us birth but nursed us, nurtured us, trained us in their religious beliefs and practices, taught us good manners and ideal behavior, disciplined us as best as they could, and made us good citizens of our country, our Church, and our society.

Happy Mother's Day from Fr Gary

Mother's Day Prayer

Lord Jesus Christ, You chose to put yourself—tiny, needy and helpless—into the nurturing and watchful hands of a human mother. Since then, every act of mothering, both physical and spiritual, in every time and every corner of the world recollects Mary's. Inspired by this example, we, too, honour our mothers and mother figures today. Bless these women, that they may be strengthened as Christian mothers and nurturers. Let the example of their faith and love shine forth. Grant that we, their sons and daughters, honour them always with a spirit of profound respect. We ask this in your holy name. Amen.
