

Friday, June 26 saw St Paul's Primary School Mildura celebrating the feast day of St Paul. St Paul is one of the most influential saints of all time. He travelled far and wide, preaching and teaching about Jesus. St Paul wrote many letters, which encompass a large proportion of the New Testament in the Bible. As a school named after St Paul, we commemorate and celebrate in his memory each year. The day began with a liturgical celebration in each unit, followed by a range of activities and shared lunch, provided by the school. Students wore casual clothes, suitable for physical activity so that they could participate in all activities.

The first activity for the Foundation and Junior Units was 'Working Together in Love' Art Activity. Students created their own mini-canvas, with a visual representation of St Paul's teaching about love. All canvases were collated to create a 'Working Together in Love' mural for the School Hall.

The Middle and Senior Units' first activity was Tabloid Sports, led by our Senior Unit PLAY leaders. Students rotated through different activities within their class groups.

At lunch time, the Student Representative Council (SRC) organised a school disco in the School Hall. Students were invited to participate in the disco, with each unit having their own time slot. Lunch was provided for all students with students enjoying a pie, pastie or sausage roll.

After lunch the activities were reversed with the Foundation and Junior Units enjoying Tabloid Sports, led by our Senior Unit PLAY leaders and the Middle and Senior Units participating in the 'Working Together in Love' Art Activity.

Later in the day, students engaged in activities planned by their classroom teacher, followed by a Virtual Assembly. Thank you to all for the organisation and participation in a great celebration of St Paul.
