

Congratulations to Loreto College Ballarat Principal, Ms Judith Potter, whose tireless work and passion for the field of education was recently recognised with a State Fellowship Award from the Australian Council of Educational Leaders.

This award is presented to educational leaders who have made an outstanding contribution over a period of time to the improvement of student and organisational outcomes. Ms Judith Potter was both humble and extremely grateful to receive this significant peer nominated award.

Whilst the staff, students and families of Loreto College Ballarat are inspired daily by Ms Judith Potter's leadership and passion for the education of girls, we are collectively delighted to see Ms Potter being recognised by the wider educational community.

*"Life is a workshop, not the gallery...never do anything by halves; be earnest in all you do."*
