

MERRY CHRISTMAS

The things I enjoyed the most about being at Our Lady of the Sacred Heart School Merbein in 2017 were having the chance to participate in summer and winter sports as well as putting my suggestions in the S.R.C suggestion box and being able to have a say.

I really enjoyed going on Melbourne Camp for a week and doing everything with my friends and teachers. The thing I most enjoyed about being at OLSH though was having Mrs Phelan as my teacher because of the way she taught me all different ways of doing maths, spelling and writing as well as all the different types of art she taught me, like the stitching I learnt how to do.

Another part I really enjoyed was going and speaking, singing and listening at school Mass.

This year in my class we have made an Advent Calendar to count down all the days until Christmas. I hope that everyone has a great Christmas where ever they are and that they celebrate the birth of Jesus and have Mary, Joseph, the three Wise Men and Jesus in your mind all through December and have a very Merry Christmas!
