

LEARNING HUB UNVEILED

Late last year St Patrick's Primary School Stawell officially opened their new learning hub. The hub features four modern new classrooms, an intervention room, multipurpose hub and new office foyer area.

The school welcomed Deputy Premier James Merlino, Minister for Education, who unveiled the new learning areas with Parish Priest Fr Eric Bryant blessing the new areas. Former Principal Kate Harney spoke of the excitement and planning that had gone into the project. Kate spoke of the development of St Patrick's over the years which ensures Catholic Education remains strong in Stawell.

We thank the State Government and Catholic Education Office who both contributed \$500,000 towards the project with St Patrick's Primary School providing the remainder of funds.

Maryanne Comitti - Religious Education Leader
