

PRACTISING SKILLS

The Loreto College Ballarat VCAL program teaches real work skills and the students have been practising their skills making and serving coffee from the St Patrick's College Ballarat and Loreto College VCAL co-creation, The Hunter Coffee Van.

The vibrant little van currently sits proudly in the Loreto Indigenous Garden Courtyard and comes to life for special occasions such as Valentine's Day, where students and staff were treated to drinks and treats prepared and served by the highly capable team of students.

One of their next projects is participating once again in Plate Up Ballarat, where they will have the opportunity to share a new food creation in the successful regional event.

Judy-Ann Quilliam - Director of Marketing and Development
