

CHRISTIAN OUTREACH IN A TIME OF COVID-19

The Year 10 Christian Outreach program is changing this year at Mercy Regional College Camperdown, in this time of physical restrictions, letter writing to the elderly is taking the place of weekly visiting. Sunnyside House Aged Care facility in Camperdown have accepted the invitation for Year 10 students to write to the residents during this time of isolation.

The Year 10 students have enjoyed the opportunity to share stories and photos of pets, hobbies, online learning and even some baking recipes. Hopefully the residents will be replying (with assistance) over the coming weeks and some special friendships will bloom.

Jo Saunders - Director of Religious Education
