

NCEC EDUCATION CONFERENCE 2020 POSTPONEMENT

In close consultation between the National Catholic Education Commission and Catholic Education Melbourne, the difficult decision has now been made to postpone the 2020 National Catholic Education Conference.

Unprecedented restrictions on travel and other factors will significantly impact the likely attendance of many conference delegates, speakers, sponsors and exhibitors during 2020.

With all of these factors in mind, and in the interests of maximising conference participation, global collaboration and knowledge exchange, NCEC has made the decision that the National Catholic Education Conference will be postponed to a future date to be determined.
