Finance Committee: Meeting on Tuesday, June 21st, 6pm in the presbytery. If any parishioner has any matters they would like to include on the agenda for this meeting, please contact C Marr 55983246 or G Swierczek 0439145805.

An Appreciation: Thank you to Joanne Robertson for organizing and preparing our celebration of the Feast of the Sacred Heart at St Andrew's. All who attended were grateful for the opportunity to participate in hymns, readings, exposition of the Blessed Eucharist, Divine Mercy Chaplet and quiet reflection.

Congratulations to Tim and Mavis Couch, who celebrated their 67th wedding anniversary recently.

Father Dan's Jubilee will be celebrated with 10.30 mass at St. Brendan's church Cororooke on Sunday July 24th. This will be followed by a casserole lunch in their hall. Our parishioners are invited to join in the celebrations. Please take along a plate of cakes to have as a dessert.

Window Replacement at St. Joseph's Timboon:

As many of you had noticed and commented upon the untidy state of the film covering on the lower windows, the Finance Committee, in consultation with the Leadership Team and approval from Fr Laurie O'Toole, our administrator, made the decision to replace the lower windows with toughened glass. It seemed that the most prudent action in order to maintain acceptable standards and to meet current building guidelines in the most cost effective way was to replace the windows. If you have any further questions or comments please talk to one of the Finance Committee members.

Water Pipe Replacement at St. Joseph's Timboon:

It came to the attention of the Leadership team that when it rained water poured down under the church building. This has been happening for some time and could potentially effect the integrity of the church structure. After Gerard Vogels did lots of digging and after consultation with two plumbers, it was found that the water from the hall just went into old earthen pipes that stopped at back of church, hence after a heavy rain water drained under the church, onto the concrete area and down into the front garden bed. The solution was to put a new pipe along the presbytery into an existing pit and then the water will drain into the town storm water system. A sincere thanks to Gerard for all his time and physical labour to make this happen for the minimum cost to our parish.
