Parish Information Evening, Future of St Patrick's

With the recent departure of Sr. Kathleen from the St Patrick's presbytery it is imperative that immediate action is taken to ensure, in the first instance that this magnificent asset is protected from further theft and vandalism and is not allowed to fall into a state of disrepair and neglect that has occurred to St Patrick's convent. The long term future of St Patricks Gordon assets should be reviewed now that the presbytery is vacant and considering the futile efforts in attempting to find a suitable lessee and alternative uses for the convent; now is the time for a holistic and pragmatic examination of the St Patrick's Gordon current and future requirements. At a joint meeting with the Parish Coordinators, Parish Pastoral Council and the Parish Finance Committee it was agreed that an Information night be held in St Patrick's school hall on **Monday 6th February 2017 at 7:30pm** to share with the Parish community the logic and rationale in reaching this decision. Attendance from the community would be greatly appreciated.

Domestic Violence: Committing to Prevention and Response

Pope Francis: "... we must always say 'no' to violence in the home"

We, the Catholic Bishops of Victoria, condemn domestic violence in the strongest possible terms, and call on parishes, church organisations and people of faith to play a part in its elimination. Domestic violence is a crisis in Australia – each week a woman dies at the hands of her partner or ex-partner. It is estimated that 1 in 4 children experience the fear and distress of witnessing their mother being abused. In addition to this physical violence, domestic violence can also be emotional, financial or spiritual. The roots are abuse of power and the control of one person

over another. While men also suffer domestic violence, women and children form the great majority of the victims of domestic violence.

This statement is addressed to the whole Church community – we must all work to prevent violence against women and children ... Domestic violence in all its forms offends against a vision of family as a place of safety and love, where children learn to respect and live with others. We hope that this statement will lead people to learn about domestic violence, and seek to do what they can in their relationships, parishes, communities and organisations to eliminate violence and assist survivors to heal from its impact.

Our goal must be a society where all people are safe in their home, families and close relationships; where violence and abuse are not acceptable; and where all relationships respect the equality and dignity of each person. This is part of the Gospel vision of love and respect. Jesus always protected the oppressed and exposed evil. He always respected the human dignity of women, consistently challenging cultural attitudes of oppression and exclusion ... Jesus challenges us to act in favor of the victims and work against anything that would prevent individuals from 'living life to the full' ... A correct reading of scripture leads to an understanding of the equal dignity of men and women and to relationships based on mutuality and love.

Responses to domestic violence are needed, which provide victims with protection and help in rebuilding their lives; which make offenders accountable and assist their rehabilitation; and which change those community attitudes from which violence emerges. We need to look at prevention, intervention, supports for victims, accountability and healing for offenders. We need to confront the causes of this violence, including the unequal position of women and men in our community ... We aim to make all Church communities places of support and healing ... We all need to foster in our families and communities alternatives to violence. In particular we need to lead boys and young men to treat girls and women with respect and teach them how to develop positive and violence-free relationships. In Victoria we have benefitted from the insight of the Royal Commission into Family Violence ... We welcome this report, and the Victorian Government's prompt and positive response to its recommendations. Our hope is that the implementation of these recommendations brings about very positive change within the Victorian community ... (See www.css.org.au/dv)
