

CHILD SAFETY POLICY

Professional Standards
Catholic Diocese of Ballarat

1. Introduction

The Catholic Diocese of Ballarat holds the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our Diocese. Our commitment is drawn from and inherent in the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel (Catholic Diocese of Ballarat Commitment Statement to Child Safety).

The Church's social doctrine constantly points out the need to respect the dignity of children. 'In the family, which is a community of persons, special attention must be devoted to the children by developing a profound esteem for their personal dignity, and a great respect and generous concern for their rights' (Apostolic Exhortation, *Familiaris Consortio*, 26). Indeed it was Jesus who, when his disciples were arguing among themselves about who was the greatest, directed his attention to a little child and said to his disciples, 'Whoever welcomes one such child in my name welcomes me, and whoever welcomes me welcomes not me but the one who sent me' (Mark 9.37).

2. Purpose of the policy

The purpose of this policy is to demonstrate the strong commitment of the Catholic Diocese of Ballarat to the care, safety and wellbeing of all children in our Church. It provides an outline of the policies, procedures and strategies developed to keep children safe from harm, including all forms of abuse in our Diocese, whether that be on site, online and in other locations used by the Diocese.

This policy applies to all Diocesan personnel, including employees, volunteers, contractors and clergy. It also applies to Catholic agencies such as Centacare. Specific policies apply to the Catholic Education Office Ballarat and Catholic systemic schools and these policies are published by the Catholic Education Office Ballarat.

3. Principles

The Catholic Church has a moral, legal and mission-driven responsibility to create nurturing environments where children and young people are respected, their voices are heard and they are safe and feel safe (Catholic Diocese of Ballarat Commitment Statement to Child Safety).

The following principles underpin our commitment to child safety in the Diocese:

- Our Diocese has zero tolerance of child abuse.

- All children are entitled to, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our Diocese works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All adults in our Diocese, including staff, clergy, volunteers, parishioners, contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of children are based on honest, respectful and trusting relationships between adults and children and young people.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- Staff, clergy, volunteers, parents, parishioners including children and contractors should be free to raise concerns about child safety, knowing these will be taken seriously by the Diocesan leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

4. Definitions

Child: A person below the age of 18 years unless, under the law applicable to the child, majority is attained earlier.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the Crimes Act 1958 (grooming)
- (b) the infliction on a child of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child.

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse.

Child neglect: The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing.

Child physical abuse: Generally, child physical abuse refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours including shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also included in this definition of “Child physical abuse”.

Child protection: Statutory services designed to protect children who are at risk of serious harm.

Child sexual abuse: Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person two or more years older than the victim) is child sexual abuse.

Child sexual abuse can also be:

- any sexual behaviour between a child and an adult in a position of power or authority over them; the age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated
- any sexual behaviour between a child and an adult family member, regardless of issues of consent, equality or coercion
- sexual activity between peers that is non-consensual or involves the use of power or coercion
- non-consensual sexual activity between minors (e.g. a 14-year old and an 11-year old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim. Sexual activity between adolescents at a similar developmental level is not intended to be included in this definition of “Child sexual abuse”.

Mandatory Reporting: The legal requirement to report suspected cases of child abuse and neglect is known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists, psychiatrists and medical practitioners.

Reasonable Belief: When an adult is concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a 'reasonable belief'. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds.

7. Expectations of Catholic Diocese of Ballarat Staff Diocesan Child Safety Code of Conduct

At the Catholic Diocese of Ballarat, we expect staff to proactively ensure the safety of children at all times and to take appropriate action if there are concerns about the safety of any child in any Diocesan environment. All staff must be familiar with relevant laws, the Diocesan employee Code of Conduct and the Child Safety Code of Conduct. The Child Safety Code of Conduct establishes clear expectations of staff for appropriate behaviour with children in order to safeguard them against abuse and neglect.

8. Child Safety and Participation

In the Catholic Diocese of Ballarat, we actively encourage all children to openly express their views and feel comfortable about giving voice to the things that are important to them.

We encourage our parishes and agencies to discuss with their children what they can do if they feel unsafe and we enable our parishes and agencies to understand, identify, discuss and report child safety. We listen to and act on any concerns our parishes or agencies, their children or their parents raise with us.

The Bishop of Ballarat meets regularly with the Director of Catholic Education Ballarat to discuss issues of concern including child safety.

9. Reporting and Responding

The Catholic Diocese of Ballarat records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct and stores the records in accordance with security and privacy requirements. Our Diocese complies with legal obligations that relate to managing the risk of child abuse under the Children, Youth and Families Act 2005 (Vic.), the Crimes Act 1958 (Vic.) and the recommendations of the Betrayal of Trust report.

The Diocesan Code of Conduct for Caring for Children sets out the actions required under the relevant legislation when there is a reasonable belief that a child in our organisation is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

We work to ensure all children, families and staff know what to do and who to tell if they observe abuse of a victim, or if they notice inappropriate behaviour.

Any concerns about the safety or wellbeing of a child in a parish or agency are notified to the Bishop and the Victorian Director for Professional Standards. They are also to be notified to the Victorian Police in accordance with the requirements of the Crimes Act 1958 (Vic.) and mandatory reporting under the Children, Youth and Families Act 2005 (Vic.)

Our complaints and disclosure processes are outlined in the Catholic Diocese of Ballarat's Code of Conduct for Caring for Children.
