

Let's Make ONE Change in 2021, the International Year for the Elimination of Child Labour. Chocolate is delicious and millions of people around the world know it. But some of this chocolate is tainted by slavery and comes at the cost of a child's health, education and sometimes his or her freedom. Much of our chocolate is made using cocoa beans harvested by children, often in the West African region. Many of these children are forced into labour. We can help change this.
