"The Church gives the faith to your children through Baptism and you have the task to make it grow...."

- Pope Francis.

## The Church in Australia will celebrate Word of God Sunday on February 6 this year.

Pope Francis, in instituting this event, set it down for the Third Sunday in Ordinary Time. In Australia, however, a date falling at the end of January risked being lost in the summer holidays and preparations for the return to school. Consequently, the Australian bishops have set down the first Sunday in February as Word of God Sunday.

**\*\* After almost 2 Years when Covid Restrictions have had an impact on some Mass Procedures including the “Carrying in Procession the Word of God” – I ask that from next weekend February 5<sup>th</sup> & 6<sup>th</sup> the Lector (Reader) again report into the Sacristy before Mass and Carry the Lectionary in Procession with the Celebrant. Thus, the Celebrant will know we have a Lector etc. for the Masses.**

**\*\*We will also resume Procession of ‘Bread & Wine at the Offertory Time.**

**\*\*Holy Water always available in Sacristy for personal / home use.**

## Homily of His Holiness Pope Francis Sunday of the Word of God

### Third Sunday of Ordinary Time, Year C Australia 5th/6th February 2022

Brothers and sisters: let us ask ourselves: do we bear within our hearts this liberating image of God, the God of closeness, compassion and tenderness, or do we think of him as a merciless judge, an accountant who keeps a record of every moment of our lives? Is ours a faith that generates hope and joy, or, among us, a faith still weighed down by fear, a fearful faith? What is the face of God that we proclaim in the Church? The Saviour who liberates and heals, or the Terrifying God who burdens us with feelings of guilt? Jesus shows us where to start from his word. That word, by telling us the story of God's love for us, liberates us from the fears and preconceptions about him that stifle the joy of faith. The word of God nurtures and renews faith: let us put it back at the centre of our prayer and our spiritual life! Let us put at the centre the word that reveals to us what God is like. The word that draws us close to God.

### **The Message of Pope Francis for the 30th World Day of the Sick – 11<sup>th</sup> February 2022**

**It is entitled “Be merciful, even as your Father is merciful” (Lk 6:36). Standing beside those who suffer on a path of charity.**

*"Jesus' invitation to be merciful like the Father - writes the Pope - has particular significance for healthcare workers. I think of all those physicians, nurses, laboratory technicians, the support staff and the caretakers of the sick, as well as the numerous volunteers who donate their precious time to assist those who suffer". People who have made their service a mission. Because Your hands, which touch the suffering flesh of Christ, can be a sign of the merciful hands of the Father". The Pontiff recalls "the progress that medical science has made, new technologies, research; rehabilitation medicine has greatly expanded its expertise and skills. None of this, however, must make us forget the uniqueness of each patient, his or her dignity and frailties Patients are always more important than their diseases. Even when healing is not possible, care can always be given. It is always possible to console, it is always possible to make people sense a closeness that is more interested in the person than in his or her pathology". "At a time in which the culture of waste is widespread and life is not always acknowledged as worthy of being welcomed and lived, these structures, like "houses of mercy", can be exemplary in protecting and caring for all life, even the most fragile, from its beginning until its natural end". Finally, because "the ministry of consolation is a task for every baptized person, mindful of the word of Jesus: "I was sick and you visited me"*

### **Pope's Worldwide Prayer**

The Pope offered his prayer intention for the month of February, which he dedicated to religious and consecrated women.

"Let us pray for religious sisters and consecrated women, thanking them for their mission and their courage; may they continue to find new responses to the challenges of our times,"

The Pope said that without the presence of religious and consecrated women, the Church "cannot be understood," and he called on them "to discern and choose what is best for their mission in the face of the world's challenges that we're experiencing."

Pope Francis prayed that religious and consecrated women would continue "to show the beauty of God's love and compassion" not only through their work, "but above all through your witness of consecration".

Pope Francis encouraged religious sisters and consecrated women to continue to show courage amid difficulties, even if it means pushing back against the Church they serve faithfully.

"Thank you for what you are, for what you do, and for how you do it."
