Synod on Synodality

The Australian National Synthesis for the XVI Ordinary General Assembly of the Synod of Bishops, colloquially known as the Synod on Synodality, has been published. The Australian synthesis draws from the local diocesan consultations that took place between October 2021 and March 2022, after which diocesan reports were prepared. Countries around the world are producing national syntheses that will assist the Secretariat of the Synod of Bishops in its ongoing work to prepare the international gathering in Rome in October 2023.
