

Relay Race for Caritas Australia (Project Compassion)

On Thursday, March 16 the Faith and Mission Committee at St Mary MacKillop College Swan Hill hosted an 'Egg and Spoon Relay Race'.

It was a great effort by Homeroom Teachers and House Leaders to recruit participants, with each House battling it out to see which team won't 'crack' under pressure! Many students put their concentration skills to the test — relaying their egg back and forth across the South Grass.

After the team completed their race, they were asked to solve a question, based on the story of Priscilla from Zimbabwe, who was the focus of Project Compassion for that week.

Special thanks to all staff who supported the event through their time, presence and resources. Well done to the students who participated in their House Teams!

Gerry Vytilingam - Faith in Action Leader
